

Flexiwet™ CZ-1040K

Non-fluorinated Surfactant

Overview

- Non-fluorinated surfactant mixture
- Provides anti-blocking for paints & coatings
- Surface tension reduction without increased foaming
- Powerful wetting and leveling performance for smoother, defect-free coatings & improved open time
- Does not impart color, or change the optical properties of a coating (beyond potential gloss or DOI - distinctness of image)

Applications

- Additive for paints & coatings
- Additive for adhesives
- Additive for mold release
- Additive for polishes & lacquers
- Surfactant for HI&I cleaning formulations

Technical Information

Flexiwet CZ-1040K is a non-fluorinated surfactant mixture for use in paints & coatings, adhesives, mold release, and HI&I cleaning formulations.

Surface tension reduction can be achieved at low loading levels. This product is an excellent choice for wetting difficult-to-wet substrates such as plastics, oily substrates, and waxy surfaces. The excellent wetting and leveling provides smoother, defect-free coatings. Surface diffusion properties of Flexiwet CZ-1040K deliver block resistance, mold release, and improved release properties for adhesives.

Flexiwet CZ-1040K is a neutralized version of Flexiwet CZ-1000.

Formulary

This product is water soluble. The recommended use level for Flexiwet CZ-1040K is 0.2 to 2.0 wt. % (as sold) in the final formulation.

Flexiwet CZ-1040K can be incorporated during the letdown phase of production or post-added to the final formulation.

Typical Properties

PROPERTY	VALUE
Appearance	Liquid
Color	Colorless to light amber
Odor	Mild
% Solids	40 to 45
Ionic character	slightly alkaline
Water Solubility	Soluble
pH (as is)	5 to 8
Density@25°C	1.1 to 1.2 g/ml
Boiling Point	> 94°C
Flash point	> 94°C (closed cup)
Storage	Perishable if frozen
Shelf life	12 months

Packaging and Handling

Flexiwet CZ-1040K is available in: 275 gallon totes (2500 lb. net wt.), 55 gallon drums (500 lb. net wt.), 5 gallon pail (40 lb. net wt.)

Refer to the Safety Data Sheet (SDS) for information on the safe use, handling, and disposal of this product.

DOT Classification: Not DOT regulated
