

Product Line

Stone, Tile, & Concrete

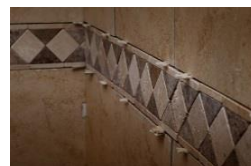

ICT Products for Stone & Tile	Substrates	Benefits
Protectors		
Thetaguard HS-3000	Concrete (unpolished), Masonry, Saltillo tile, Granite	Water-based, ambient cure cationic repellent Used to create penetrating sealers on hard surfaces Excellent oil and water repellency. Not for use on acid-sensitive stone surfaces. Low VOC.
Thetaguard HS-3012	Marble, Limestone, Quartz, Granite, Terrazzo, Concrete, Saltillo, Clay tile, Travertine, Stone, Masonry, Stucco	Water-based, ambient cure anionic oil & water repellent Excellent water beading. Used for hard surfaces, with little change in appearance Ultra-low VOC.
Thetaguard HS-3020	Grout and Mortar, Stucco, Marble, Limestone, Saltillo tile, Clay tile, Granite, Terrazzo	Anionic, water-based ambient cure oil & water repellent Used to create vapor permeable, penetrating sealers Excellent hold-out. Ultra-low VOC. Readily disperses in water or water/co-solvent
Thetaguard HS-3030	Stone, Masonry, Stucco, Concrete, Saltillo tile, Clay tile, Terrazzo, Marble, Granite, Limestone, Grout, Mortar,	Anionic, partially fluorinated repellent and protector Use for hard surfaces, with little change in appearance Excellent oil and water repellency and hold-out Water-based and VOC-free Cannot be spray-applied
Thetaguard HS-3035	Stone, Masonry, Stucco, Concrete, Saltillo tile, Clay tile, Terrazzo, Marble, Granite, Limestone, Grout, Mortar,	Anionic, partially fluorinated repellent and protector Little, or no change in appearance Readily dilutes in water/alcohol/glycol mixtures Water-based and VOC-free Cannot be spray-applied
Thetapel AM-5022	Concrete, Grout, Saltillo, Granite, Limestone, Marble, Travertine, Slate	Solvent-based repellent. Fast drying. Non-VOC where t-butyl acetate is exempt. Soluble in most polar solvents.
Thetapel AM-5035	Concrete, Granite, Marble, Tile, Saltillo, Limestone, Slate, Travertine, Grout	Solvent-based repellent. Fast drying. Soluble in most polar solvents.
Thetapel AM-5025	Concrete, Travertine, Saltillo, Granite	Nonionic solvent-based repellent which foams. Provides oil & water repellency on concrete, travertine, & saltillo. Provides water repellency on granite. Do not aerosolize or use with a high pressure sprayer.
Enhancer		
Thetapel EC-40	Slate, Saltillo tile, Tumbled marble, Honed granite	Water-based stone enhancer, repellent & protector Brings out depth of color in dull stones Adds minimal gloss. Protection against stains.
Strength Additive		
Flexisperse CA-47	Concrete, Mortar, Light weight aggregates	Functionalized polymer used as an additive to enhance strength and impart water repellency Solvent-free, low odor, freeze/thaw stable
Cleaners		
Flexiwet WBD	Polished granite, Polished marble, Travertine	VOC-free, nonionic surfactant & degreaser for cleaning Powerful wetting and detergent properties Rapid dynamic surface tension. Phosphate-free. Penetration of oily and particulate soils. APEO-free.
Flexipel SR-80	Tile, Grout, Concrete, Masonry, Stone surfaces (Not marble, limestone)	Imparts hydrophilic and easy clean surface Resists soap scum build-up, hard water deposits, and oily soil. Functions in neutral, alkaline, and peroxide environments.
Flexisorb AN-668	Concrete, Masonry	Effluorescence remover. Reduced corrosion vs. HCl. Readily dissolves calcium scale and hard water
