Textile Products For After Market

ICT Textile After-Market Products	Description	Benefits
Nonfluorinated Protectors		
Flexipel HR-C410	Cationic	Water repellent & protector. Works on broad range of substrates.
<i>renewably sourced content</i>	Aqueous-based	
Flexipel HR-C500	Cationic	Water repellent & protector for cotton & polyester fabrics.
	Aqueous-based	
Flexipel HR-C700	Cationic	Clear water repellent & protector for polyester and cotton.
	Aqueous-based	
Flexipel HR-S200	Solvent-based	Water repellent & stain release product for cotton & polyester.
ICT-1309L	Anionic	Water repellent which contains renewably sourced content.
Fluorinated Protectors (short chain)		
Water-based Fabric Protectors		
Thetapel AM-5010	Mildly cationic Low VOC Ambient cure Aqueous-based	Durable repellent & protector for broad range of substrates. Imparts oil & water repellency. Easier cleaning. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
Thetapel AM-5037	Mildly cationic Low VOC Ambient or heat cure Aqueous-based	Durable repellent & protector for broad range of substrates. Imparts oil & water repellency. Easier cleaning. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
Thetapel AM-5030	Cationic Low VOC Low temperature cure Aqueous-based	DWR product with excellent spray rating and repellency. Provides soil and stain resist protection. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
Solvent-based Fabric Protector		
Thetapel AM-5012	Near odorless Nonionic Ambient cure Solvent-based	Imparts oil & water repellency. Enhances cleanability, especially for oily soils. Does not affect appearance, feel, color, or odor of the treated surfaces.
Thetapel AM-5025	Near odorless Nonionic Ambient cure Solvent-based	Concentrated protector which imparts oil & water repellency. Enhances cleanability, especially for oily soils. Does not affect appearance, feel, color, or odor of the treated surfaces.
Water-based Upholstery Protectors		
Thetaguard AM-2030	Cationic Low VOC Freeze/Thaw stable Aqueous-based	Protector which delivers durable oil & water repellency, stain resistance, and durable dry soil resistance. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
Thetaguard AM-2040	Anionic Low VOC Freeze/Thaw stable Aqueous-based	Protector which provides durable anti-soil benefits, oil & water repellency, and stain protection. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
Wrinkle Release		
Flexistat WR-152	pH neutral, color-safe	Wrinkle release and fabric conditioner.
	Does not stiffen	Spray during hang-drying or apply as ironing aid.
Antistatic Agent		
Flexistat BK-50-7	Anionic, aqueous-based	50% actives antistat with low odor and low color.
